LINING-OUT STOCK

Lining-out stock is not plentiful and it will get scarcer as the season advances. If you find anything listed here that you need, we suggest that you place your order for it at once, so we can reserve it for you.

Most of this lining-out stock is available for immediate shipment, or if you prefer, we can hold it for later shipment.

We grow a complete assortment of nursery stock for the wholesale trade, including shrubs, shade and ornamental trees, vines, hedge plants, roses, evergreens, fruit and perennials. Watch for our wholesale price lists which are issued several times during the year.
